PTI 19 July 2020

New Delhi, July 19 (PTI) The Indian direct selling industry has recorded sales of USD 2.47 billion in 2019, reporting a growth of 12.1 per cent, a report by World Federation of Direct Selling Associations (WFDSA) said.

This has helped the direct selling industry improve its ranking to the 15th from the earlier 19th a year before, said The Global Direct Selling - 2019 Retail Sales report by Washington-based WFDSA.

Moreover, in terms of the number of direct sellers, India has been ranked at sixth position, proving employment to 57.50 lakh people.

However, the global direct selling industry has reported an overall decline of 4.3 per cent in sales to USD 180.47 billion in 2019.

According to the report, the US is leading in the list contributing 20 per cent of the global direct selling industry with sales of USD 35.21 billion, though it has registered a marginal de-growth of 0.4 per cent.

It is followed by China with 13 per cent contribution, Korea and Germany with 10 per cent each and 9 per cent by Japan.

Terming it as a good sign for the industry, Indian Direct Selling Association (IDSA) said it now hopes to find space in the top five players globally much earlier than the previous estimates of a decade.
